## **JOB OPPORTUNITY**

### **About EADEN**

The Eastern Archdiocesan Development Network (EADEN) is a network of Caritas organizations of the Catholic Church in Eastern Uganda (Tororo Ecclesiastical Province). It covers the Dioceses of Jinja, Tororo, Soroti, Kotido and Moroto. EADEN was established to coordinate development initiatives in the Province and link network members and partners locally, nationally and internationally. The mission of EADEN is **"To promote social economic development and prosperity amongst communities in Eastern Uganda"** through key thematic areas of; Climate resilient sustainable livelihoods, Governance & Human Rights, Organisation and Institutional development, Gender Justice and peace, Financial empowerment, Networking and collaboration. Applications are hereby invited from focused individuals, ready to take their careers to the next level, to fill the following job position;

**Job Title:** Monitoring Evaluation Accountability and Learning Coordinator (MEALC)

**Job Status:** Contractual and full time

**Reports to:** Executive Director

**Location:** Head Office – Tororo

**Job purpose:** To lead the process of development and implementation of a robust results-based Monitoring, Evaluation, Accountability and Learning system for EADEN secretariat, network members and farmer organizations while strengthening appropriate utilization of programme information by various stakeholders for enhanced organizational performance.

### **Detailed duties and responsibilities:**

- Work with EADEN Secretariat Departmental Heads, Area Managers, Project Managers and Network member organizations to develop and implement an effective Monitoring, Evaluation, Accountability and Learning framework in line with EADEN's strategic focus.
- Continuously assess existing monitoring and evaluation systems, knowledge management systems and other program management systems and propose improvements.
- Maintain, operationalize and update an integrated web-based programme Management Information System (MIS) that stores, displays, manipulates data and generates reports and dashboards.

- Build the capacity of programme staff, Network members and farmer organisations in participatory monitoring, evaluation and documentation processes and use of standard procedures and appropriate templates.
- Support Network member organisations to develop and maintain a system for standardized and organization-wide monitoring, evaluation and learning.
- Lead the process of documentation and management of programme knowledge including compilation of standard periodic and continuous project and programme reports for use by various stakeholders.
- Prepare periodic publications like newsletters and provide information for websites and social media platforms to popularize the work of EADEN and Network member organisations.
- Provide technical input during project design, results framework development and budgeting for M&E activities.
- Support the office of the Executive Director on matters of partnership development and strengthening within and outside the EADEN's network.
- Guide the process of mainstreaming all cross cutting issues including gender, Climate change, Environment, HIV/AIDS, PWD's in all aspects of EADEN's programming both at Secretariat and member organization level.
- Spearhead the process of designing and conducting periodic planning and review activities, research studies and surveys in line with programmatic and strategic interests of EADEN.
- Dissemination of programme and study results to different stakeholders including donors, the Program Management Committee, member organizations, Local Government Officials and beneficiaries in suitable formats.
- Develop Key Performance Indicators (KPIs) to measure results achieved by EADEN's programs/projects and routinely review progress against the set indicators.
- Develop data collection tools and reporting forms based on the KPIs for effective and timely collection and reporting of results.
- Provide leadership and oversight in planning and conducting baseline, midterm and end of term project/programme evaluations.
- Undertake any other official duties as assigned by the Executive Director.

## **Qualifications and experience**

- Should have at least an Honors Degree in Statistics, Development Economics, Agricultural Economics, Project planning and Management or related field.
